Transform *without hassle*

WE DON'T COVER SURFACES. WE REIMAGINE THEM.

For decades, renovation meant one thing: tear out, throw away, start over. Waste. Disruption. Compromise.

Cover Styl was born from a better question: **What if transformation didn't require destruction?**

We've built our expertise on a simple but powerful principle: surfaces don't need replacing, spaces don't need gutting, and beauty doesn't come at the cost of sustainability or speed.

Our decorative films transform every surface they touch: walls, furniture, facades, glass; turning the existing into the exceptional. What architects once specified as replacements, they now specify as renewals.

The result?

Projects completed in hours or days, not months. Budgets stretched further without sacrificing vision. Waste diverted from landfills while creating spaces that inspire.

Finding your *perfect match*

Our binder is designed for intuitive navigation. Every reference follows a simple system that helps you find exactly what you need, fast.

Organized by family
Seven families: Color, Wood, Stone, Steel, Textile, Organic and Glitter. Each with intuitive sub-families. Browse by aesthetic, find your reference in seconds.

1. AVAILABILITY

Green references
Committed stock. Always available.

Orange references
In stock, with slightly extended lead time for large orders.

2. UPGRADE

Selected references are also available in upgraded versions for specific project requirements:

PVC-Free
For sustainable specification.

High-Resistant
For worktops, counters, hotel doors, high-traffic areas.

XL (137 cm width)
Wider format, fewer seams.

GUIDELINES

3. FINISHES

Every Cover Styl reference is crafted at one of three finish levels.

Standard
High-quality finishes with consistent colour and texture.

Premium
Richer textures and deeper detail.

Prestige
Our highest quality finishes. The closest to the real material.

4. ADDITIONAL INFORMATION

Picture
Shown in a photographed setting. Images are for reference only, final installed appearance may vary.

Wide timber
Longer pattern for a more natural look.

Wood knots
Visible knots for a natural, authentic wood look.

Sustainability
Our commitment

**We don't cover surfaces.
We reimagine them.**

Most renovation waste comes from tearing out materials that still have years of life. Cover Styl gives them a second life at a fraction of the environmental cost.

The proof is in the numbers

We commissioned a full lifecycle assessment (LCA) comparing two common renovation scenarios: replacing a hotel corridor fire door and restyling a kitchen. In both cases, choosing Cover Styl over full replacement delivers dramatic carbon savings across every stage of the product lifecycle.

615 kg CO_2

avoided in this kitchen renovation

**Read
our EPD
*(Environmental
Product Declaration)***

Sustainability
Impact at scale

Small surfaces. Massive difference.

KITCHENS

-75%

CO_2 on kitchen renovation

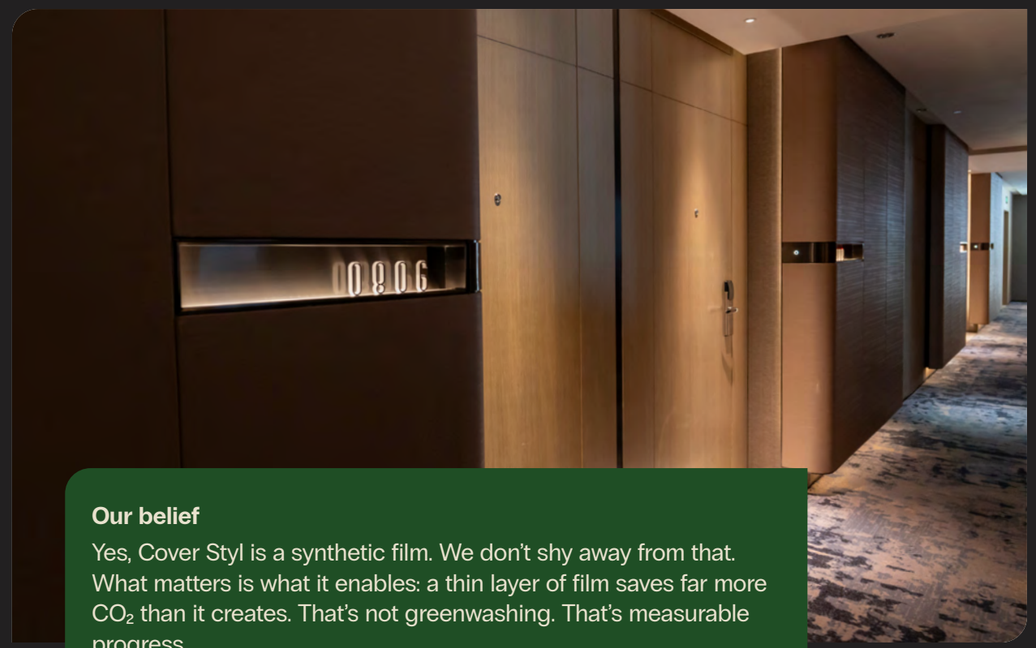
Renovating a kitchen with Cover Styl represents a saving of 75% of CO_2 vs a full replacement.

FIRE DOORS

-70%

CO_2 on fire door

Renovating a fire door with Cover Styl represents a saving of 70% of CO_2 vs a full replacement.



Our belief

Yes, Cover Styl is a synthetic film. We don't shy away from that. What matters is what it enables: a thin layer of film saves far more CO_2 than it creates. That's not greenwashing. That's measurable progress.

When you choose Cover Styl, you're not just choosing a finish. You're choosing to build less and preserve more.

Certified B® Corporation

our sustainability
commitment**

Built for how *architects actually work*

Clients change their minds. Deadlines tighten. Budgets shift. Historic buildings can't be stripped back.

Cover Styl is designed for these realities:

• **Speed that matches ambition**
Specification to installation in weeks, not quarters.

· **A material palette without limits**
Over 500 references: wood, steel, stone, textiles, solid colors. A complete range for every interior challenge.

• **Sustainability you can quantify**
BCorp certified and independently audited. Every Cover Styl application is a renovation, not a replacement. Less waste. Fewer raw materials. Real results your clients can report on.

• **Technical confidence**
Rigorous testing. Certified installers. Clear warranties. Data you can specify with confidence.

Your Vision. Our Solution. Zero Compromise.
Cover Styl gives you the creative freedom to say "yes" more often.

Beyond
our signature collection

Three collections

Signature
Over 500 references across seven families for interior application on walls and furniture.

Glass
A new decorative film collection for glazing and glass partitions.

Facade
Take Cover Styl outside. Weather-resistant films engineered for exterior panels, facades, and window frames.

Three possible upgrades

Selected references from the Signature collection are also available in upgraded versions for specific project requirements.

PVC-Free
Same aesthetics, PVC-Free composition.

High-Resistant
For high-traffic surfaces.

XL (137 cm)
Wider format, fewer seams, less material waste.

Each collection and upgrade is detailed in the following pages.

Glass
collection

New to Cover Styl. A curated decorative film collection that transforms glazing into design elements. For glass surfaces and interior partitions.

Facade
collection

Built for the Elements
11 weather-resistant references engineered to withstand outdoor conditions for up to 20 years. Extend Cover Styl transformation to facades, exterior panels, and outdoor surfaces.

Expand transformation beyond interiors
Traditional exterior cladding replacement is slow, disruptive, and expensive. Facade collection opens new possibilities:
- Facade renovation without demolition or extensive scaffolding
- Exterior panel and window frame transformation
- Outdoor furniture and fixture updates
- Balcony and terrace surface renewal
- Entry and garage doors

For projects where responsible material sourcing matters
When environmental standards are written into the brief, PVC-Free responds with substance, not just intention:
- Buildings targeting BREEAM, LEED, or HQE certifications, where material transparency and low-impact specifications are required
- Corporate renovation projects aligned with ESG commitments or Science-Based Targets
- Projects embracing circular economy principles, prioritizing recyclability, reduced end-of-life toxicity, and responsible material flows

Polypropylene: A step forward
Free from chlorine and substances that prevent recycling, designed to be compatible with PP material recovery, a responsible material choice that maintains the design flexibility and performance architects expect from Cover Styl.

Why Cover Styl
Cover Styl adhesive films give a new look to a kitchen that is still in good condition, without having to replace it and at a lower cost.

Testimonial
"Hello, bright and fresh! I already knew Cover Styl was going to be great, especially after seeing the other amazing transformations on Instagram... but wow! I really do feel like I have a brand new kitchen installed. The finish is totally impeccable, and I can't recommend them enough if you're looking to give your kitchen a makeover for less! I chose reference K7, which is a creamy grey shade. Thank you, Cover Styl - I'm in love!"

Hospitality

This space explores contrast through texture and warmth, combining Cover Styl Wood NL29 with Textile NL25. The wood finish brings depth and richness, while the textile surface softens the composition with a subtle, tactile character. Together, they create a refined atmosphere that feels both contemporary and inviting, ideal for sophisticated hospitality interiors.

Why Cover Styl
Quick and easy way to carry out the work: the rooms were renovated bit by bit, allowing the business to continue. No noise or smell with Cover Styl adhesive coatings, so guests were not disturbed.

Testimonial
"It was a quick and easy way to carry out the work. We avoided having to close for long periods and we did it little by little, being able to continue our business. At no point did the customer notice the work being done. Without a doubt, I would recommend this product and the team of professionals who made this project possible."
Roberto REQUENA - Manager HOTEL PRINCESA DE EBOLI BY SECORTEL

Design inspiration

This contemporary coffee shop concept pairs the deep wood grain of NK53 with the refined, mineral stone finish of NL51 to create an atmosphere that feels both warm and refined.
The dark wood surface brings depth and elegance to walls and bar fronts, while the light mineral stone adds a clean, tactile contrast on countertops and feature walls. To complete the look, introduce brass lighting fixtures for a touch of warmth and luxury, bring greenery inside with potted plants to soften the space, and layer in natural textiles for an even more welcoming and aesthetic environment. Together, they define a space where design and functionality meet seamlessly.

Aesthetics by King's College Hospital: Sophistication Without Compromise

When a premium aesthetics clinic in Dubai sought to elevate its visual identity, the answer was not a costly renovation, but a precise, purposeful transformation with Cover Styl.
The challenge was clear: reinforce the clinic's high-end positioning while maintaining a clean, welcoming atmosphere that reflects the standards of medical excellence the brand stands for.
With over 500 patterns available, a finish was selected to enhance the brightness of the space and communicate purity, precision, and care, the very values at the heart of this clinic. The result is a seamless, lightweight transformation that required no heavy construction work, no disruption to daily operations, and no compromise on aesthetics.
Just a refined environment that speaks the language of luxury from the very first impression.
