## Self-Adhesive Paper 120g │ White opaque adhesive paper

Features:

Self-Adhesive Paper is a type of white mat opaque paper, weighing 120g, with a semi-permanent/re-positionable adhesive coating compatible with both dye and pigment inkjet printers. Its complex form weighs 200g. Self-adhesive paper can be removed without leaving traces of glue behind. It is a suitable solution when you intend to display something for a short time, and is easy to apply and remove from most surfaces. When displaying something outdoors for a short time, pigmented inks are recommended.

Benefits:

• High level of whiteness R457 (109)
• Sharpness of dots and lines
• Instant drying
• Very good contrast and brilliant colours
• Permanent sticking onto cardboard
• Water resistant
• HP Latex Certified
• To be used with latex inks and Inkjet water based.

Certified for
HP Latex Inks

Applications:

• Decoration of exhibition stand
• POS and window advertising
• Graphic art and interior decoration

LATEX
