

Woaf Backlit 150g | Backlit and poster coated paper

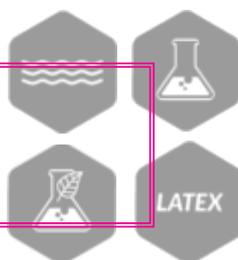

Features:

Work Of Art Frame (Woaf 150g) is a versatile satin coated paper for use in backlit and large size poster applications. It has been designed to be used with solvent, eco-solvent, mild-solvent, UV and latex inks. Woaf 150g is a high quality coated paper especially designed for light box applications. It is a cost-efficient, eco-friendly alternative to backlit films. A special fibre formation and a non-reflective effect enable this material to provide top quality colour reproduction against the light. Woaf 150g is also perfect for all indoor advertising panels.

Applications:

- POS advertising and information
- Large format poster
- Lightbox advertising

Technical data:

Features	Units	Methods	Values	
Weight	g/m ²	ISO 536	150,0
