

Imageperfect 2333 Grey Back Fabric

Imageperfect 2333 Grey Back Fabric is a soft polyester that is equipped with a grey back side for a wide variety of blockout textile applications.

Imageperfect 2333 is a polyester fabric that is ideal for a wide variety of soft signage, textile, display applications with 100% opacity, including roll-up displays, backdrops, textile billboards and advertising banners, with the opacity being achieved via the inclusion of a grey coating on the back side of the product. It will be used in many different locations, including offices, retail environments, lifestyle business locations (bars, hotels, restaurants, cinemas, sports arenas, casinos, etc) and event business locations (trade shows, show rooms, conference facilities, etc). It can be used for indoor installations only. It offers a high-quality print finish with remarkable text definition and a large colour gamut to ensure colourful images and vibrant area in-fills. It delivers outstanding layflat properties with no curling, together with no fraying of the edges. This product is PVC-free and chlorine-free.
